

SOCIAL and PERSONAL

AT Woman's Club yesterday afternoon the table "Sculpture" by Mr. Michel de Tarnowsky quite came up to the expectations aroused by the announcement of his coming to the club at the request of the chairman of the afternoon, Mrs. E. V. Valentine.

It seems scarcely necessary to say that Mr. de Tarnowsky handled his subject in the most artistic and delightful manner, approaching it as he did from the viewpoint of intimate knowledge and association. He considered the Houdon statue of Washington the finest piece of art in America. Club members and their guests formed a most sympathetic and interested audience.

At the coffee table, during the reception hour were Mrs. Catesby Jones, Mrs. J. A. Lefroy and Mrs. George W. Bagby.

Mrs. H. W. Hazard and Mrs. John A. Coke were assisted at the tea table by Mrs. J. B. Beasley, Mrs. A. H. Bands and Mrs. Frank Haughton.

Special guests of the afternoon were: Mrs. Fitzhugh Mayo, Mrs. E. P. Valentine, Mrs. Mann S. Valentine, Mrs. V. Valentine and Mrs. Houston.

To-day at noon, Madame Gullienne will meet the French class of the club. To-morrow afternoon the Literary Round Table will be directed by Mrs. Cary Johnson. On Monday afternoon next, club members will be entertained by a musicale and on Tuesday, Bishop McVicker will talk to the ladies on "Prison Reform." The Rev. Landon R. Mason will accompany the bishop, and discuss local prison conditions.

Wednesday morning at 11 o'clock, Mrs. W. R. Thurston will meet the ladies of the club, with the purpose of forming a class in physical culture, if a sufficient number are interested. A course of ten lessons will be free to club members if the class assembles.

The Monday German.

The dance of the Monday German, given last night in Masonic Temple, was of course, a very handsome affair. Colonel Jo Land Stern led. The women were beautifully gowned, the attendance was large, the card room was well patronized, and the supper was served in the daintiest manner possible.

The dance was the fourth in the Monday German series.

Newton-Hannigan.

A beautiful marriage ceremony took place on Saturday morning at 11:30 o'clock, in the residence of Mrs. A. C. Hannigan, No. 319 North Eleventh Street, when Miss Madeline Elizabeth, the youngest daughter of Mrs. Hannigan, became the bride of Mr. William Franklin Newton, formerly of Washington, D. C., but now a resident of Richmond.

The ceremony was performed by the Rev. Father James Gilsenan.

The bride, who was given away by her mother, wore a handsome tailor-made suit, with hat and gloves to match, and carried a shower bouquet of white flowers.

The groom was accompanied to the altar, which was decked with evergreens and flowers, by his best man, Mr. William Lawrence Hannigan, the brother of the bride. They were followed by the ring-bearer, Miss Veronika, the little daughter of Mr. and Mrs. Joseph Sauer.

Mr. and Mrs. Newton, who left for the North immediately after the ceremony, were showered with rice by their friends. They will be at home after February 1st at The Colonial, corner Marshall and Eleventh Streets.

Junior Hollywood Ten.

The annual tea of the Junior Hollywood Memorial Association was given yesterday, from 5 to 7 P. M., in Lee Camp Hall, and proved a pleasant success.

The officers of the association, assisted by the president of the memorial association, made the receiving party.

Southern airs were beautifully rendered by Mrs. Clifton M. Miller and Mr. Selden Walker, with Mr. Ben J. Potter as accompanist.

Decorations were in red and white, and refreshments were served by pretty young girls in white dresses and red ribbons.

Donation Day.

Thursday will be donation day at the Spring Street Home, No. 601 Spring Street, and the ladies interested in the management of the home make an earnest appeal for contributions. A committee will be present at the Thursday to receive donations sent.

Seabrook Movement Indorsed at Meeting of Representative People Held Yesterday.

Representatives of the charitable, educational and civic organizations, at a public meeting held yesterday afternoon in the Council chamber, adopted resolutions strongly urging the establishment of what is known as the Seabrook playground, an ordinance for its creation having already been introduced in the Board of Aldermen.

The men and women behind the movement will begin an active campaign in its behalf at about 10 o'clock, when a blackboard was the name of every member of the Council, and they will be interviewed and urged by the establishment of what is known as the Seabrook playground, an ordinance for its creation having already been introduced in the Board of Aldermen.

WILL VOTE IN APRIL AS TO PROHIBITION

North Carolina House, in Mid-night Session, Agrees to Senate's Bill.

WHAT THE RATE FIGHT COST

(Special to The Times-Dispatch.)

RALEIGH, N. C., January 27.—The House of Representatives wrestled with the bill for the State prohibition election from 8 o'clock to-night until midnight, finally passing the bill, so amended that the election will be held the last Thursday in April, instead of August 6th, as had been provided. An amendment by Mr. Royce provides that in case prohibition carries physicians' prescriptions shall be filled by licensed or registered pharmacists instead of "druggists," as the original bill provided. There was an amendment so that the sale of Jamaica ginger and similar medicines would not be interfered with. In fact, there were a number of minor amendments, the argument on each being long drawn out and participated in by nearly every Representative on the floor.

In the main the bill passed is satisfactory to the Anti-Saloon League representatives. The bill will now go to the Senate for concurrence in amendments. Only three votes were cast against the bill in the House on the final vote. These were by Grant, Albright and Morlon.

The night session of the Senate was for the consideration of the rate compromise bill. Senator Graham presented a number of petitions from railroad employees appealing that the extra session restore the passenger rates that were in force prior to the enactment of the 2-1-2 cent rate last January. Senator Graham urged necessity of carrying out the compromise measure as embodied in the pending bill, but for the reason that it promoted peace and goodwill between contending interests. He referred feelingly to an unpleasantness that occurred between himself and the president officer of the Southern Railway last session, declaring his willingness to forgive and forget. Following Senator Graham's speech, President Winston, calling Senator Holt to the chair, responded feelingly to the sentiment by Mr. Graham and agreed his endeavor to restore friendship that had extended through many years. Amid general applause, the two men clasped hands right cordially.

Senator Redwine and Klutz spoke at length on the rate bill action, which was deferred until to-morrow.

Cost of Rate Litigation.
Early in the day's session there was received from Governor Glenn a message transmitting the report of the Attorney-General giving an itemized statement of the expenses of railroad litigation on the rate question. The cost of the litigation, according to the report, was \$12,000, but there was a statement that some of the attorneys had not yet been paid in full, therefore an exact statement of the cost could not be submitted. It would, the report stated, possibly run up to \$12,000. The Governor also informed the House that he had received a statement relative to the railroad rate matters on file in his office and would gladly furnish the full information in either written or verbal form to the members of the Assembly.

This statement was elicited by the fact that Republicans have pressed resolutions calling on the Governor to send in printed form all correspondence with the railroad companies. The House passed a number of local bills and permitted the introduction of a number of others by unanimous consent.

To Protect Banks.
One by Mr. Gilliam is to protect banks which issued scrip during the 1861 stringency. Mr. Blount requested that the rules be suspended so that he could introduce a bill making it unlawful for banks to loan money to any of its officers. The request was refused.

The day in the Senate was devoted wholly to unimportant local bills. The adjournment was to 10 o'clock, and the House resumed its session at 10:30.

Fire at Wilson.
(Special to The Times-Dispatch.)
WILSON, N. C., January 27.—The second and third stories of the Wood-ard Building, occupied by Mulligan & Co., contractors, were badly damaged by fire this afternoon. At one time a serious conflagration was threatened, but the fire was quickly extinguished. The loss is partly covered by insurance.

NOT GUILTY OF MURDER.
Alb. Lindwood, tried in Roanoke and acquitted.

(Special to The Times-Dispatch.)
ROANOKE, VA., January 27.—In the Corporation Court to-day Alb. Lindwood, nineteen years old, was acquitted of the murder of a woman on December 4th. The evidence showed that Stanley called Lindwood "a dirty-faced fellow" and later on, he struck him with a spittoon. Lindwood struck him with an alley ball, and the next day he died at the hospital.

Died of Alcoholism.
Rosa Richardson, a negro woman about forty years old, dropped dead yesterday afternoon at her home, 1015 E. 11th St., of J. H. Gibbs, at Eighteenth and Grace Streets. Coroner Taylor pronounced death due to alcoholism.

Here and There in the Legislature

A BILL of much interest and importance to the public school people of the State is now up to its second reading in the Senate, and will be upon its engrossment in that body to-day.

The measure was offered by Senators Sale, of Norfolk city, and Ward of Winchester, and provides for normal schools in connection with the rural high schools of the State.

The State Board of Education shall designate the public high schools in which a normal school department may be established and conducted under the provisions of this act, and shall prescribe the normal course which is to be adopted and taught in such schools in connection with the high school curriculum already provided; and shall determine the qualifications of all teachers employed in such normal school department. The chief object of such normal school department shall be to instruct teachers in the best methods of organization, teaching and management of primary schools.

The Board of Education may in its discretion prescribe that any pupil receiving the benefit of such course of normal school training shall be obligated himself to teach for not less than two years in the rural public schools of the State.

The Board of Education shall designate not more than one such high school in any county; but the said board may in its discretion select some public high school within an incorporated town or city which is located in such county, provided no State normal school is located in said incorporated town or city.

AS stated heretofore the legislative board of the Order of Railway Conductors met here yesterday.

Indorsed the bill offered by Mr. Bell, of Culpeper, to prohibit the drinking of liquor on trains operating within the State.

Mr. J. D. McNEAL, of Fayetteville, president of National Association of Firemen, and now president of the North Carolina Association, is in the city, and will address the members of the National Association, here in the city, and will also address the members of the local association.

Mr. McNEAL made a very favorable impression upon the committee. No action was taken yesterday on the bill, but it will come up again at the next meeting.

Mr. Lookman, when seen, at Municipal committee meeting, said that he hoped the report upon the bill would be favorable. He explained that the measure was to seek to create a pension for any fireman who had in

MAJOR MOSES M. GREEN, member of the House from Fauquier county, appeared in the lobby of the Capitol yesterday morning with a handsome new meerschaum pipe, which he was smoking with great satisfaction, having discarded his usual native Fauquier corn-cob, to which he has been sticking for many years.

Major Green did not seem to be inclined to say much about his new pipe, when pinned down he told the whole story.

"You see I was sick on the evening of the recent banquet given by the Richmond delegation to the out-of-town members," he said, "and these Richmond boys in the Legislature did not overlook the fact that I was sick, and presented it to me the first time I made my appearance on the floor of the House."

Major Green is a very handsome and costly one, and Major Green highly appreciates it.

WING to the fact that another important legislative meeting is scheduled to take place at the Capitol tomorrow night, the joint Democratic caucus to nominate a candidate for judge of the Corporation Court will be held at 8 o'clock.

This promises to be the most spirited contest of the entire session, and the friends of the two aspirants, Messrs. Walter R. Staples and Roy B. Smith, are redoubting their energies as the final hour approaches.

Many prominent Roanoke lawyers and laymen have been on the ground since the convening of the Legislature, and they will remain until after the caucus. Senator John M. Hart is for Mr. Smith to-morrow night. B. H. H. is backing the candidacy of Mr. Staples. The caucus will probably hold a

Terrible Liquor Craving!
How Orline Destroys all Desire for Whiskey and Beer

The terrible craving for liquor is a symptom of disease, and to overcome it, the

Orline itself should be treated in a scientific way. When one has used whiskey, beer or other stimulants for a long time, the nerve cells have become accustomed to the effects of the stimulants and demand liquor in order to perform their duties. If the nerve cells are properly treated, the craving for liquor will be destroyed.

It is in this way that Orline cures alcoholism, by supplying to the nerve cells the strength needed, thus destroying the desire for liquor. It eradicates every particle of the terrible liquor craving, imparts new strength and vigor to the whole system, and restores the general health. Treatise on "Drunkardness" free on request. The Orline Co., Washington, D. C.

So successful has Orline been that in every box is a registered guarantee which entitles you to a refund of your money if Orline fails to effect a cure. Never before was a treatment for the liquor habit sold in this way. A guarantee like this shows the faith of the discoverer of Orline and the agents who handle it, the leading druggists every-

where. Orline is in two forms—No. 1, which can be given secretly in food or drink; No. 2, in pill form, for those who desire to be cured. Either form costs \$1.00 per box, and both are sold under the liberal guarantee that your money will be refunded if Orline fails to cure.

Orline is for sale by Folic Miller Drug Co., 151 East Main, and Childrey Drug Co., 101 East Broad.
